

Greetings from M/S Pratham Engineering!

Established in 2022, M/S Pratham Engineering has emerged as a leading mechanical and industrial painting contractor, dedicated to providing top-notch services across diverse sectors. We take pride in our registration as a trusted contractor, committed to excellence in every project we undertake.

At M/S Pratham Engineering, we specialize in catering to various industries, including Chemicals, Petrochemicals, Pharmaceuticals, Agrochemicals, and API companies. Our extensive experience and expertise enable us to deliver exceptional services encompassing a wide array of mechanical solutions. From Structure Fabrication to Equipment Erection, Connection Piping to Rack Piping, IBR Piping to Shutdown management, we offer comprehensive solutions tailored to meet our clients' specific needs.

In addition to our mechanical services, we excel in the realm of painting, offering a diverse range of capabilities. Our proficiency spans from Blasting to All Types of Painting, ensuring impeccable finishes and precise coatings. With a dedicated team of professionals boasting extensive experience, we guarantee reliable and efficient services, maintaining the highest standards of quality and safety.

At M/S Pratham Engineering, client satisfaction is paramount. We are committed to delivering excellence, adhering to stringent timelines, and surpassing expectations with our performance. Our team is not just skilled; they are also dependable and trusted partners in every project we undertake.

We look forward to the opportunity to collaborate with you and contribute to the success of your projects. Partner with M/S Pratham Engineering for unparalleled expertise, reliability, and commitment to excellence in every endeavor.

Thank you for considering M/S Pratham Engineering for your mechanical and industrial painting requirements. We are ready to serve you with dedication and proficiency.

Sincerely,

Introduction

M/s Pratham Engineering is a wide-ranging engineering Group. We seek to become one the leading engineering company in India, addressing the ever changing services that draw the strength of Pratham Engineering.

We take pleasure in introducing ourselves as one of the leading mechanical engineers working in this field since 2022. Our business encompasses diverse field such as **Mechanical Construction Jobs, blasting and Painting, Shut down Jobs for Process Plants, Maintenance Jobs For Process Plant, Fabrication of Columns, Jacket, Module, Heat Exchanger and Vessel.**

Our motto is "Success is not a destination but a journey to accomplishment" and to that aim, we continue to evolve and create a new value through our development programs.

M/s Pratham Engineering take pride in contributing to society and our customers through services that leads to development of India's infrastructure and industry. The executives and employees are united in their efforts to achieve these goals and we look forward to your continued support and encouragement in our future endeavours.

OUR VISION

Be globally recognized as an efficient Engineering Service hub with qualitative human Interfacing technology

OUR MOTTO

“Success is not a destination but a journey to Accomplishment”

VALUES

- ❖ Client Delight: A commitment to surpass our client expectation.
- ❖ Leadership by Example: A commitment to set standard in our business and transactions based on mutual trust.
- ❖ Pursuit of Excellence: A commitment to strive relentlessly, to constantly improve ourselves, our team and our services so as to become the best in class.

Our Services

Mechanical Works

- ❖ Fabrication and erection of all type piping work (CS/SS/AS//Inconel etc).
- ❖ Fabrication and Erection of Tank Vessel.
- ❖ Handling of Heavy Equipment.
- ❖ All Type of Heat Exchanger maintenance Work.
- ❖ Column Maintenance work (Fixing of Vessel Tray etc).
- ❖ All type of Rotary

Painting work

- ❖ Blasting of structural material and tank and piping
- ❖ Painting of structural material and tank and piping
- ❖ Decorative and industrial painting in chemical plant

Fabrication Work

- ❖ All Type of Heat Exchanger fabrication work.
- ❖ All type of column and vessels fabrication work.

P&M Supply

- ❖ All type of Crane Supply
- ❖ Farana & Hydra Supply
- ❖ Traylor Supply

Manpower Supply

- ❖ Mechanical Manpower supply with tools and tackles
- ❖ Process manpower supply

Quality Policy

- ❖ We are committed to customer satisfaction and loyalty. Our Endeavour is to reduce cost through effective and innovative use of resources. Organizational capabilities will be continually improved to retain competitive advantage by aligning our processes. Build strong business relationship with our customers and service providers. Our customers will experience professional competence and high level of service in all our deliveries.
- ❖ To Commit & Satisfy to customers on time.
- ❖ To monitor and continuously improve our business, services Organization and employee performance.
- ❖ To meet all requirements on health, safety and environment as applicable to our services.

To achieve this, our Overall objectives are

- ❖ To always deliver value for money to our customers.
- ❖ To always make timely delivery to our customers.
- ❖ Constantly improve systems and process at all disciplines.
- ❖ Maintain and upgrade Resources at all disciplines.
- ❖ Imparting training to workmen and enhancing teamwork.

We have established an efficient and effective quality management System, which will meet the requirements and also provide for adequate resources, other infrastructure and Communication facilities.

HEALTH, SAFETY & ENVIRONMENT **(HSE) POLICY**

We, **M/s Pratham Engineering** is committed to protecting the health and safety of everybody involved with our activities, the people who come into contact with our activities and the physical and natural environments in which we work. We aspire to high standards of practice through a process of continuous improvement and the adoption of codes and standards where Practicable`

To meet this commitment we will implement management systems in our work that accord with the requirements of our health, safety and environmental standards and strive to: Ensure that our operations comply with applicable health, safety and environmental laws and regulations.

- ❖ Provide health, safety and environmental training to our employees include sub-contractors and actively promote awareness for the same
- ❖ Foster a culture where accidents, incidents and near misses are reported and investigated and the lessons learned are shared throughout the organization.

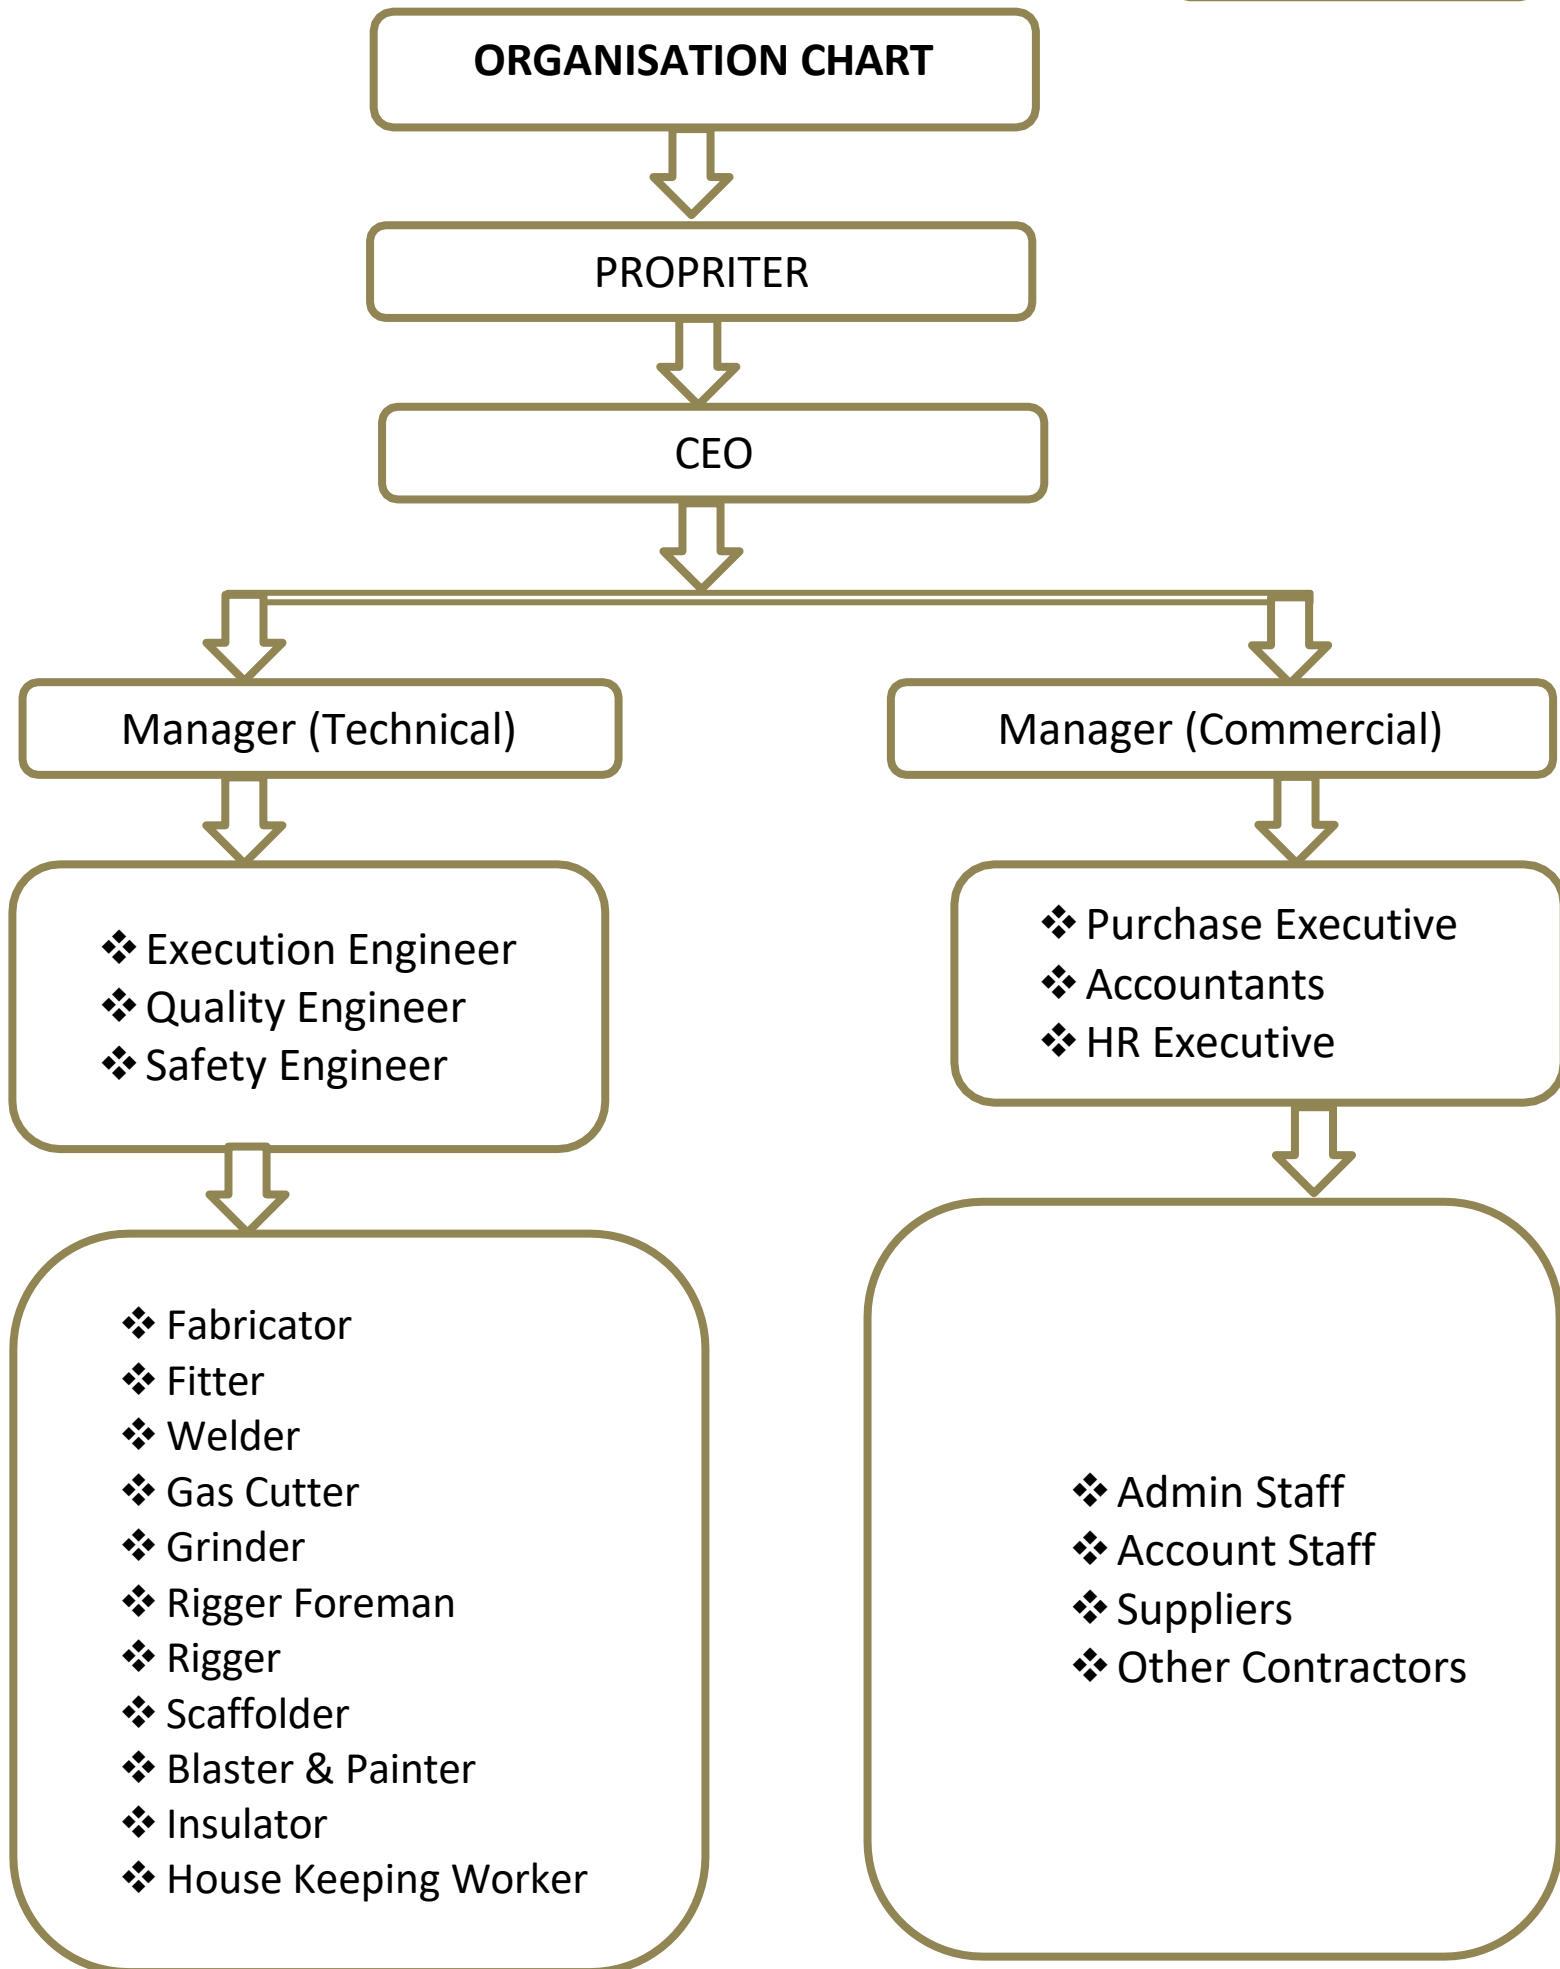

**OUR AIM IS TO PROVIDE HEALTHY WORK
ENVIRONMENT
HAVING ZERO ACCIDENT**

General Rules of Safety Management

- ❖ Ensure your supervision and checks. Do not assume that system will continue to function well even if it is working for considerable period.
- ❖ Do not ignore an apparently minor alteration in the system. Ensure that system functions safely with new addition.
- ❖ Never act rash and in blind manner.
- ❖ Accident prevention should be given top priority.
- ❖ Safety management is the concern of everybody. Be sure that everybody knows the safety aspects and their role in the respective area of work during normal and emergency situations.
- ❖ Do not adopt short- cuts. Follow laid down guidelines, procedures and practices.
- ❖ Safety management works on three tier basis i.e. prevention, protection and damage control. If one subsystem in a tier is weak, temporary or otherwise, ensure re- enforcement of others to maintain over all safety.
- ❖ If lessons are not learnt and put to practice from 'near miss' and 'minor' accidents, a major accident will soon follow.
